

Businesses lose money every year in unclaimed expenses, such as misplaced receipts, but now you can stop these losses!

Receipt Bank is an award-winning software add-on that converts all your bills, invoices and receipts into data, making it easy for you to send your financial information straight to us.

FEATURES

With Receipt Bank's flexible submission methods you'll never lose another document as it's simple to submit them instantly. You can submit in a variety of ways, choosing whichever are best for your business:

- Receipt Bank App (iPhone & Android)
- Email
- Post
- Dropbox. ...and many more

BENEFITS

Using Receipt Bank's easy submission methods means that:

- You **save time** on sending in your paperwork, giving you time back to build your business.
- You **save space** as there's no need to store your physical documents.
- You get all your **financial data quickly** and we are able to offer business advice based on a near real time flow of information.

CALL TO ACTION

If you'd like to get started submitting with Receipt Bank, please get in touch with Matthew at matthew@cbpfinance.com.au / 0418 473 667 and we can get you set up with your Receipt Bank account.
